

**International Education Corporation
Kazakh Leading Academy of Architecture and Civil Engineering**

Press release

International conference of practical science: Modern trends in architecture and construction: energy efficiency, energy saving, BIM technologies, problems of the urban environment

Date: April 10-12, 2019

Address: Almaty, ul. K.Ryskulbekova, 28.

The scientific-practical conference is held in the framework of the annual scientific-practice of KazGASA and in the framework of two international projects:

1. Sustainable Cities - Urban Development Perspectives for Uzbekistan and Kazakhstan (SuCiPUK). The project is funded by the German Federal Ministry of Education and Science.
2. Pro House - Professional Housing Management in Kazakhstan and Uzbekistan.. The project is partly funded by the European Union.

International scientific-practical conference will be held with the participation of partners from Germany, UK, Russia, Uzbekistan, and with the chairman of the Association of Almaty AOC and chief editor of portal "Bulletin of the owner and entrepreneur housing and utilities", National Chamber of Entrepreneurs of the Republic of Kazakhstan "Atameken"

The Federal Ministry of Education and Research of Germany supports innovative projects and ideas in research through targeted funding programs. The project "Sustainable Cities – Urban Development Perspectives for Uzbekistan and Kazakhstan" (SuCiPUK) is funded by the Federal Ministry of Education and Research and coordinated by EBZ Business School.

Framework of conference will work 4 official sections:

1. Problems and prospects of the development of the construction industry: design, construction and operation of buildings and structures;
2. Current issues of architecture and urban planning;
3. Energy saving in the housing complex, energy efficient technologies and products in green building;
4. Modern trends and prospects for the development of architecture, construction, design education.

Within the framework of the Year of Youth in 2019 and the development of Youth Policy in Kazakhstan, this conference is aimed at involving young professionals involved in the problems of the urban environment in the active participation and building strong academic ties of the universities of Kazakhstan and Germany.

Opening conference will be held on April 10 2019. At the lobby of third floor of the MAB.

We will glad to see you!

Duration: 9 am – 5 pm
